

The Utrechtse Historische Studentenkring is available for every history student who loves to live. For the one who does not live to exist only, but also lives to celebrate life. This is why the association was founded in 1926, and a whole organisation consisting of committees and guilds has been set up since then: to socialize and to develop skills. Since 2022, you can also join the Burgundian *gezelschap* “Lof der Zotheyt”: a group of friends (actually: family) who live with one and the same interest: Living like a Burgundian, similar to a Dutch saying. As member of this *gezelschap*, you do not hesitate to share your knowledge about the pleasure and leisure of life!

Does this sound like something to breathe in (new) life to your student life? Then download the app UNTAPPD, create an account and mention this and your phone number in your mail to [info@uhsk.nl](mailto:info@uhsk.nl) to complete your registration! UNTAPPD is the app that the Burgundian *gezelschap* “Lof der Zotheyt” uses to review beers all over the Netherlands. So, you can let your companions know that you are really enjoying your beer!

For first year students: think of this as a great way to get to know the best people in our association the UHSK! For multiple year students: this *gezelschap* is the progression and conservation of everything you love. The goddess *Zotheid* will take care of you by pronouncing a proverbial eulogy, which you will notice when you are drinking your favourite drink or eating a complete fuet! Remember, she will not disappoint you!
